

MODERN PACKAGING

GENERAL ALPHABETICAL INDEX

of articles, departments and subjects published in

VOLUME 41

January through December 1968

HOW TO USE THIS INDEX

Here are tips on how best to use this index. It is arranged alphabetically by major subjects of packaging interest and by company names. Under each subhead are the titles of all articles and departments of Volume 41 that deal with that particular subject. Additional subheads are used to cross-index subjects where two or more terms have similar meanings. On technical and engineering subjects, you may also want to consult the "Author's Index" on the last page.

All names of packaging and supplier companies are listed alphabetically, flush with the left side of the column. Indented below each company name are articles and important department items involving that particular company.

MODERN PACKAGING

	Month	Page		Month	Page
A			ALUMINUM		
A-B-C Packaging Machine Co.			Aluminum consumption for packaging should surpass		
An advance look at the big Show.....	May	154	1 billion lbs. this year for the first time, says Reynolds	July	39
Acromark Co.			Metals' Paul Murphy.....	Mar.	42
Rotary hot stamper has seven heads.....	Oct.	56	Aluminum gets lighter in weight and saves freight costs....		
Accent International Co.			Bowers Candy Snacks switches from film bags to rigid	Oct.	125
"Illustrated flavors" distinguish new cartons as they move			aluminum tubs in paperboard sleeve.....	July	85
into supermarkets.....	Oct.	110	Ethnic appeal for cream cheese.....	Oct.	100
ACRYLICS			Look at the action in metals.....		
Acrylic multipolymer has now achieved 30 bottle, jar and			New aluminum cans undercut costs, weight of other metal	May	64
tub applications.....	Mar.	39	containers.....		
Acrylic multipolymer takes off.....	Mar.	104	125 million aluminum cans for carbonated beverages in		
New acrylic resin adheres to metal.....	June	66	1967 should double in use in 1968, according to	Feb.	42
Adhesive Manufacturers Assn. of America			Reynolds Metals.....	June	68
Fundamentals of adhesion.....	June	150	Stronger aluminum/lighter can tops.....		
ADHESIVES			Aluminum Co. of America	July	131
Adhesive designed for bonding ionomer.....	Dec.	52	Alcoa and St. Regis cite student designs.....	Oct.	105
Adhesive or adhesive?.....	Feb.	114	Look at the action in metals.....		
End-seal cartoner spots hot-melts.....	Aug.	60	New aluminum cans undercut costs, weight of other metal	May	64
Fundamentals of adhesion.....	June	150	containers.....	June	68
Hot-melt shuts open mouths.....	Aug.	62	Stronger aluminum/lighter can tops.....		
New label adhesive resists moisture.....	Feb.	48	American Airlines	Jan.	105
Packaging mix for multi-ingredients.....	Jan.	101	Containerization.....		
Precision hot-melt applicator.....	Dec.	54	American Can Co.	May	153
Pressure-sensitive adhesive labels food.....	Dec.	54	An advance look at the big Show.....	Sept.	203
Safer, lower-cost blister packaging.....	Apr.	54	Drug, cosmetic outlook.....	Oct.	144
Self-stick labels light up, wash off.....	Sept.	56	Measuring baked-goods protection.....	Feb.	50
Two new tailored adhesives.....	June	68	Milk-carton printing improved.....	Dec.	105
Admiral Plastics Corp.			PI Forum: a time for introspection.....	Apr.	105
AMA Show in depth.....	June	130	Pouch method to gauge permeation.....	Sept.	58
An advance look at the big Show.....	May	153	Two new PVC copolymers make food bid.....		
AEI Corp.			American Cyanamid Corp.	May	120
An advance look at the big Show.....	May	153	Adaptations power the packaging thrust in '68.....	June	120
AEROSOLS (SEE PRESSURE PACKAGING)			New can shows the old.....		
Aidin Automation Co.			American Home Products Corp.	Mar.	159
Adaptations power the packaging thrust in '68.....	May	234	CSMA's winning aerosols.....		
Air-O-Plastik Corp.			American Hospital Supply Corp.	May	234
PVC foam has double-sided adhesive.....	June	66	Adaptations power the packaging thrust in '68.....	Aug.	90
Air Reduction Co.			Coeextrusion: a situation report.....		
Adaptations power the packaging thrust in '68.....	May	121	American Packaging Corp. (Ampak Machine Div.)	July	50
Akerlund & Rausing			Skin-packaging, vacuum-forming units.....		
New pouch method for ground coffee.....	June	146	American Maize-Products	Nov.	106
Alberto-Culver Co.			The waste-high crisis.....		
Adaptations power the packaging thrust in '68.....	May	129	American Management Assn.	July	131
ALCOHOLIC BEVERAGES			Alcoa and St. Regis cite student designs.....	July	136
A new high in convenience.....	Feb.	87	AMA Conference notes.....	June	129
Bag-in-can for wine "on tap".....	May	145	AMA Show in depth.....	Mar.	168
Big bid by plastic beer case.....	Mar.	109	AMA Show to be held in New York in May.....	May	152
Brewers show.....	Nov.	197	An advance look at the big Show.....	Apr.	81
Clear-mesh polyethylene bags used for Schenley's			Dear Ray: We must share our knowledge.....	Apr.	153
DuBouché bottled liquors.....	Mar.	101	Innovations at AMA Show.....	May	117
Custom shape, protective coloration add zest to battle of			The AMA Show is yours—use it!.....	Jan.	73
the brews.....	Mar.	96	The restive man who goes to shows.....	Jan.	76
First market test of new plastic beer "bottle" set for fall,			What's right/wrong with shows?.....		
with commercial introduction in 1969.....	July	39	American Society for Testing & Materials	Apr.	81
First plastic beer bottle.....	Oct.	106	Dear Ray: We must share our knowledge.....	Mar.	117
Flexible "bucket" for champagne—just add ice to the			Testing glass for lubricity and scratch resistance.....	June	119
polyethylene bag.....	Aug.	102	Toward a new information center.....	Aug.	130
Flip-top box contains both Carillon Importers' Bombay			Testing for WVTR.....		
English gin and Bombay French dry vermouth for a			American Tack & Hardware Co.	Mar.	102
convenient martini.....	June	136	Convenience in the cards.....		
Holiday carton for Schenley Distillers' Red Satin whiskey			Anaconda Aluminum Co.	Oct.	54
features dramatic design.....	Feb.	94	Lidder unit for foil containers.....		
Liquor packaging: all mixed up.....	Apr.	88	Anchor Hocking Glass Corp.	Feb.	46
Look at the action in metals.....	Oct.	100	Undercoating stabilizes pallet loads.....		
Lustrous gold finish on Old Forester decanter from			Anderson, Clayton & Co.	May	124
Brown-Forman Distillers.....	Feb.	95	Adaptations power the packaging thrust in '68.....	Apr.	83
National Can's Frank Considine predicts all-aluminum			Service with a capital S.....		
can will account for 50% of beer containers by 1972....	May	44	Anderson Electric Corp.	Dec.	54
New beers, new bottles, new marketing tactics find			Air-actuated arms speed up L-sealer.....	Oct.	52
consumer welcome.....	Oct.	110	Retractable product tray is key feature of new L-sealer....		
Package worth more than product for James Beam Co.'s			Anderson-Nichols & Co.	Oct.	130
Christmas Whiskey decanter, which becomes collector's			Equipment reliability.....		
item.....	May	44	Angostura-Wuppermann Corp.	Mar.	97
Portion-pack for liquor.....	Mar.	93	Shake-up package in cocktail-mix market.....		
Professional W. German tasters detect plastic flavor in			Anheuser-Busch, Inc.	Oct.	102
plastic beer bottles—causing trouble for PVC bottles....	Apr.	41	Look at the action in metals.....
